🌐 LinkedIn

Aspiring Flutter Developer eager to learn and grow in the world of mobile app development. Passionate about creating user-friendly, cross-platform mobile applications. Looking for opportunities to gain hands-on experience and collaborate with experienced professionals in the field.

PROFESSIONAL EXPERIENCE

Suvidha Foundation, Web Developer Intern

Nov 2023 – Dec 2023 | Jaipur (Remote)

- Made a PHP website to distribute course certificates to students associated with their organisation via email.
- Foundation guided to use a pre-built template with Bootstrap/Tailwind.

Navyug Think India Foundation, Web Developer Intern

Jun 2022 – Jul 2022 | Jaipur (Remote)

- Completed training and internship on a news website project, implemented a modular CSS architecture with core HTML to ensure code maintainability and scalability for a news website project.

EDUCATION

Master of Computer Applications (Generative AI),
SRM University

2024 – present | Chennai

Bachelor of Computer Applications, Amity University Rajasthan

2020 – 2023 | Jaipur

PROJECTS

Gesturify (Mobile App) 

Nov 2024 – Dec 2024

- Sign Language Interpreter where I created a Flutter based mobile application for it where users can see converted letters & words from the hand gestures.
- That's where the name comes from, Gesturify. I was the team leader of 3 other members.

Weather App 

Oct 2023 – Oct 2023

- Developed a mobile weather application using Flutter and OpenWeatherAPI, enabling users to quickly access realtime weather data based on current location.

SKILLS

Flutter | RDBMS | Firebase | REST API | FastAPI | Flask | HTML/CSS | AWS/Azure | Git |
Docker | Bootstrap/Tailwind

AWARDS

Hackfinity 1.0, SRM University

Nov 2024

- Me and my other 3 fellow team members participated in a hackathon where we created an application where we were interpreting the hand gestures of sign language to words & letters.

Won Ideathon 3.0, Amity University Rajasthan

May 2022

- Won Ideathon 3.0, where I pitched an idea of online cloud sync application.
